GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, August 4-12 m. At the Methodist Episcopal Church, last night, there was a crowded audience to hear the discourse of the Rev. Mr. Lannahan upon gambling and theatrical amusements. He discussed in an able and interesting manner the first part of his subject, viz. the evils of gambling, which was listened to with profound attention throughout, and postponed the discussion of the last until next Sabbath.

Accident.—This morning as an old man by the name of Fletcher was driving up Bridge street in a buggy, his beast became frightened and ran off at full speed. In turning the corner near Mrs. Kingla's tavern, on High street, the buggy upset, throwing Mr. Fletcher against the curbstone, cutting his head in several places, and otherwise injuring him. The vehicle was broken to pieces. This is the same individual who was badly hurt several weeks ago while

assisting to move a house in Washington. The citizens of the District generally, I have no doubt, will feel themselves under some obligations to Messrs. Kemp & Co. for the increased travelling facilities which they are about to afford them between the District of Columbia and Winchester; and it is to be hoped that these enterprising gentlemen will be liberally

patronised by travellers going in that direction. No change in the prices of flour or grain; considerable quantities arriving. There was a sale this morning of 800 bushels white at 90c. Edward S. Wright, auctioneer, sold on Saturlay afternoon the following lots, lying near the Methodist burying-ground:

STOKERHIDE, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Canot, is the brother of the celebrated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens will give equally strong testimony in favor of HAMPTON'S VEGETABLE TINCTURE. It is a certain cure for Dyspepsis, Scrofals, Liver Complaint, &c., and all diseases from impure blood.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore, Dear Sir: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Since I had the fortune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommendations I should still have been in bed.

It is really a pity this specific should not be approved.

been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took this medicine with refuctance, and without confidence in it, and it was only through your disinterestspecific, took this industries and through your disinterest confidence in it, and it was only through your disinterest ed, friendly recommendations, and my critical situation that induced me to try this really beneficial Vegetable

that induced me to try this really beneficial Vegetable Tincture.

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me, in five weeks, of a chronic Inflammatory Rheumatism, contracted under tropical citametes, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance.

of my hands are fast returning to their former natural appearance.

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homopathic remedies, after having been tormented with galvanic batteries, cold and aromatic baths, and hundred of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well-wisher.

WONDERFUL CURE OF HEREDITARY SCROFULA!
This certificate is from the pen of a gentleman whose name appears on the journal of Congress—one who is extensively and favorably known:
It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula—(his father is scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting borrible mattering ulcors, that protruded over the eye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a relief from suffering—has been restored to health under the treatment of Dr. Hampton.

LOUISVILLE, March 20, 1851.
We have a large number of certificates from our most respectable citizens attesting cures made by this celebrated Tincture of most every disease that "flesh is heir to." After all other remedies have failed, we ask the affliced to call on the Agents and get pamphlets with certificates of cures.

Political news unimportant.

"No Clerk," etc. My reverend antagonist who will not let me ay clever things of the Methodist preachers-God bless them and their efforts in the cause of their Redeemer-unless I include those of them who are office-holders, under ambitious political leaders, has, it seems, concluded to let me alone. Well, better late than never. He might have stopped earlier, however, for the argument had been so entirely exhausted that he was compelled, in order to say any thing, to repeat his former taunt about my not being as good as my incestors. He might have spared even his first taunt in this regard, for I willingly agree with him that it is true, and regret that it should be

" No Clerk" has been very certain that there are but twelve or fourteen Methodist preachers in office. Ought he not, who is so flippant in ccusing me of making a false statement where I had made none, to be more exact in his own declarations? If there are but twelve in office there are not fourteen. If there are fourteen then why does he use the number twelve at all? A clerk in office informs me that he and another clerk, who has been a Methodist preacher, have preachers in a list of twenty-four Methodist office at this time in the Executive Departments What does "No Clerk" make of this? If h will name twelve or fourteen who he acknowl edges are in office, I will undertake to add the ames of at least ten more to the list.

As for his six Episcopal clergymen who are in the Executive Departments, I cannot, for the life of me, find but three of them. Come, now I shall, just as he is disposed to quit the field turn the tables on him. Come up with your ists, my christian friend, and give names.

As to "No Clerk's" surmise (I will not say

fling) about my motives, and my efforts to get Methodist preachers out of office, and thereby find a vacant place for myself to get in, &c., l will only say to him "judge not that ye be not judged." The fund of the Methodist church, and the great Methodist Book Concern, only yield a bare trifle, he contends, to such Meth odist preachers as come within the rule of re ceiving aid therefrom. Hence he is not looking there for good quarters. If he pants for a goo alaried political office, and will defend the Secretary who will give him one, as persever-ingly and as unscrupulously as he has defended the conduct of the Methodist preachers who are Government office-holders, let him keep his light no longer under a bushel, but come out and no doubt he will find what he pants for.

No Clerk" denies that sanctification, or 'sinless purity," is a part of the doctrine of the Methodist church, and suggests that I should have used the term "christian purity. In either case the first word is superfluous, as I conceive. Where "purity" is found, will it not be both christian and sinless? But enough I am not going to split hairs theologically with "No Clerk," nor with any other clergyman.

A writer in the Washington Telegraph nominates Judge Douglas, of Illinois, and Hon. James McDowell, of Virginia, as candidates of the Democratic party for the Presidency and Vice Presidency in 1852. Of Judge Douglas we know but little; of Gov. McDowell, however, we can say that no more accomplished gentleman or purer patriot lives in the land, and were it not for his politics we should take pleasure in giving him a cordial support.

PERRY DAVIS & SONS.

J. N. HARRIS, esq.—Dear Sir: You will recollect when I saw you in New London, in January last, my expressing to you my most sanguine expectations that DAVIS'S PAIN KILLER would have a tremendous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been, that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears or dread of the cholera salong as they had the Pain Killer by them, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrheen if they use this medicine daily. This was the security and confidence of hundreds acquainted with it, and when their friends were attacked with the cholera, they would administer this remedy in large quantities internally, and also externally, by bathing and rubbing them with it; and in every case where it has been taken in any of the first stages of this disease it has proved successful. I consider it an infallible remedy. I have not heard of an individual in any family who used the Pain Killer when attacked, but speedily recovered.

Gaptain Broadwell, of the steamer Atlantic, a New Orleans packet, informed me that, on one of his trips up the river to this city, there were upward of seventy cases of tholera on board, and the Pain Killer was used with complete and triumphant success.

I The Clerk informed me that, on one of his trips up the river to this city, there were upward of seventy cases of tholera on board, and the Pain Killer was used with complete and triumphant success.

I The Clerk informed me that, on one of his trips up the river to this city, there were upward of seventy cases of tholera on board, and the Pain Killer was used wit

the Pain Killer is used, not a death by cholera will occur in your city.

If the cholera comes among you watch its progress and the remedy use, and, mark my words, the family who uses the Pain Killer daily will have no diarrhee, no diaarrangement of the bowels, and consequently no cholera. If those who are attacked will use the Pain Killer early and thoroughly, they will be saved. This has been the experience of hundreds in this city during the ravages of this dreadful disease.

I have not been able to supply one-fourth of the demand. I have received orders from persons begging me to send them some.

Now, for your own sake, for my sake, and for the sake of suffering thousands, make some arrangements that your agents can be supplied. Increase your manufacture, do something that a suffering world may be relieved from pain, for the time will come when not a family on this continent will be willing to do without it a single day. Respectfully yours,

BLACKWOOD'S MAGAZINE, AND THE BRITISH QUARTERLY REVIEWS.

BRITISH QUARTERLY REVIEWS.

Owing the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

low prices at which they are offered to subscribers. To following is their list, viz:

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderated through leading and firmly axpressed, of the three greaters.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great-ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, imme-

of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beau tiful clear type, on fine white paper, and are faithful cepies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.

I am also gratified at the decidedly moral and religious influence which your books will exert, and can-not but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. This well known and extensive establishment invites Merchants, Manufacturers, and Bankers, to an investigation of its system, and gratuitous test of its records of the standing and responsibility of traders in the U. States.

Our increased patronage has enabled us, during the past year, to open offices in Cincinnati, Louisville, St. Louis, and New Orleans: those, in connection with our long established offices in Boston, New York, and Baltimore, enable us to offer facilities and advantages which time and experience alone could accumulate, and which we believe are unequalled.

We are prepared to make collections in any of the States, Germany, and in any commercial port of the world, and will pay particular attention to old and doubtful debts, in the collection of which class we have extraordinary facilities, and have been unusually successful.

Having full lists and reports of nearly all the Attorneys in the United States, we are at all times prepared to furnish you, gratuitously, the names of good and responsible lawyers in any part of the United States and Canadias.

Connected with our Agency is a Commissioner for nearly all the States, who is enabled to afford every facility and legal form for preparing accounts, &c., for immediate use, thereby avaiding a delay often fatal to the solicetion of a debt.
